

# The Leicester Diocesan Guild Ringing Course

## 9 - 11 September 2016

This residential course will be based in bunkhouse style accommodation at the Scout Association campsite at Ullesthorpe. Practical sessions will take place in towers in southwest Leicestershire. It is envisaged that there will be 4 or 5 practical sessions plus the possibility of ringing for Service on Sunday.

Cost, including all meals (except Saturday lunch) will be **£55**

It is planned to offer groups concentrating on -

-  First steps in plain hunt
-  Progressing from plain hunt
-  Doubles
-  Minor
-  Surprise minor
-  Stedman
-  Surprise Major

The actual groups will depend on demand. It may be that there will be two, or more, groups at a particular level whilst others may not be viable.

The minimum expectation is that you can **handle a bell entirely by yourself, and that you have rung rounds competently, safely and entirely unaided on different bells when you apply**. All students should be able to ring a bell up and down (not necessarily in peal).

The aim of the LDG Ringing Course is to provide ringers with concentrated practice, focussed on their level of skill. A residential course also provides the opportunity to develop the social aspects of ringing. A non-residential option with occasional meals (booked in advance) is available

Applications, initially restricted to those in the Guild area, will be treated on a first come first served basis. After 19<sup>th</sup> June applications will be accepted from those outside the Guild area.

If you need any further information, before completing an application form, please contact us via [education@leicesterldg.org.uk](mailto:education@leicesterldg.org.uk).

If it becomes necessary for me to receive medical treatment and I am not able to authorise this, I hereby give my general consent to any necessary medical treatment and authorise the Leader in charge to sign any document required by the hospital authorities.

Note: The medical profession takes the view that the parent's/carer's consent to medical treatment cannot be delegated. This view is explicit in The Children's Act 1989. Thus, medical consent forms have no legal status and a doctor or nurse insisting on the consent of a parent/carer/patient to a particular treatment has the right to do so.

For this reason we cannot insist on parents/guardians/participants signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents/carers or to have a Leader on hand able to sign forms required by medical authorities.
