

Life Ringing Members Fund: Treasurers Report for 2021

The LRM fund was not increased by the subscriptions of any new Life Members during 2021. The existing fund, invested in two funds: the CBF CofE Deposit Fund and the CBF CofE Investment fund, provided £237.72 in investment income, and £2.99 in interest to the Guild General Fund. This was the equivalent of Annual subscriptions for 34 people. The LRM Fund Balance sheet now reflects the full value of the CBF C of E Investment Fund at end 2021 (previously recorded in the notes to the accounts). The value of investments can go down as well as up, and this figure should not be seen as an indicator of future health.

Margie Brimacombe
