Safeguarding in the Context of Bell Ringing

The involvement of young people has long been a feature of church bell ringing. The teaching of these young people and their acceptance and encouragement by adult ringers has made the world of ringing almost unique in the way in which the different age groups interact. The local Diocese requires all Parochial Church Councils to have an acceptable policy for work with young people in their respective parishes. All ringing-related activities for young people at parish level will be subject to the requirements of the local PCC policy. However, there is a range of different ringing-related activities in which young ringers may take part, not all of which will be addressed by a Parish policy. The following list indicates the range of activities but is not exhaustive:

1. Attendance at practice and service ringing in their own tower.
2. Attendance at practice and service ringing in other towers.
3. Participation in activities arranged locally e.g. outings, social events etc.
4. Attendance at local Guild meetings or practices.
5. Participation in other Guild events e.g. outings etc.
6. Attendance at Guild training events.

Activities 1 and 2 are the responsibility of the Parish and activity 3 is the responsibility of the organiser (recognising that the churches and establishments visited may ask for confirmation that safeguarding has been addressed). Those activities organised by the Guild fall principally into categories 4, 5 and 6, and the Guild Policy seeks to demonstrate how the recommendations of the various guidelines have been addressed and their application to Guild Officers.

Basic Legal Requirements

Any ringers carrying out one-to-one physical training of young persons under 18 years of age on a regular basis are considered to be carrying out a "regulated activity".

Regular basis frequency is defined as being minimum of

- I. once a week
- II. four days in 30 or
- III. involving overnight hours of 02:00 to 06:00.

Anyone meeting these criteria will be required to undergo a background check through the Disclosure and Barring Service (DBS) or, in Scotland, Disclosure Scotland check. On a local basis such checks will be initiated by the Parish Safeguarding Officer of the parish in which the ringing is taking place. The DBS certificate is portable and can be used at any tower in the Diocese. The Diocese and LDG consider it imperative that these DBS checks are carried out at the "Enhanced" level, including a check made on the Children's Barred List.

It is an offence for anyone to knowingly allow a person who has a criminal record relevant to the protection of minors or vulnerable adults to carry out a regulated activity.

Safeguarding your tower

1. All ringers are **required** to complete the CofE online Basic Awareness Training. Certificates may be requested by the Parish Safeguarding Officer and the Diocese makes provision for ringers without computer access.
2. All tower captains and trainers **must** complete the online CofE online Foundation Training. This is the case for all towers, not only those towers with young ringers, as the training also include significant sections on recognising, and being cognisant of, vulnerable adults in our towers.
3. The courses can be found at <https://www.leicester.anglican.org/training-and-events>
4. All ringing activity should be entered into a tower register, and a note made to ensure that under-18s can be identified on this register. Visitors should be entered onto the register aswell, along with anything unusual such as non-ringing visitors or chaperones, etc

5. If you have young ringers under the age of 18 regularly attending your tower, you must inform your Parish Safeguarding Officer and comply with their requirements. This will include the formal appointment of the tower captain (which is under Safer Recruitment guidelines) and other trainers by the PCC, and an Enhanced DBS check, including a check made on the Children's Barred List. The Guild "Permission to Ring" form should be completed (Appendix A). While waiting for a DBS check, a parent should be present. This is also a condition of the LDG insurance policy.
6. When teaching a young person, or giving a lift in a car (with parental consent), two adults should be present (and in the case of a car, the young person should sit in the back seat and one adult should be appropriately DBS checked to Enhanced level, including a check made on the Children's Barred List).
7. It is good practice to display the "Good Practice" notice (Appendix B) and the Safeguarding flowchart (Appendix C)
8. If young ringers visit your tower infrequently, there is no requirement to have a DBS checked adult present, but it would be wise to ensure parents are aware of this.
9. This policy does not cover ringing involving young ringers outside their normal towers, but the organiser would be advised to address Safeguarding and the tower visited may request evidence. There is a separate permission form in Appendix D

Safeguarding at Guild events

The majority of Guild meetings are not regulated activities, but we will adopt the following good practice:-

1. The Guild Safeguarding Officer(s) and Foundry Foxes Coordinator will complete the face-to-face Leadership Training (or equivalent), as agreed with the Leicester Diocese Safeguarding Team.
2. It is recommended that two DBS checked adults will be present, unless it is a booked event and it is known that no young people will be present or a parent is present. The DBS certificate must be an "Enhanced" disclosure Diocesan certificate, including a check made on the Children's Barred List issued for the purpose of bellringing, and District Secretaries will have access to the names of those in their District who have a certificate.
3. DBS certificates, at whatever level, are not a qualification and do not guarantee the safety of the adult with respect to young people. The Safeguarding of a meeting is the responsibility of all present.
4. For each young person, a "Permission to Ring" form (Appendix E) will be held by the district secretary.
5. Registers of attendance will be kept. These will include a marker for any under 18s so they can be identified later if necessary.

Dealing with Incidents and Concerns

It is recognised that, in the interests of safety, there may be occasions where a trainer makes contact with a learner's hands or arms. Again, in the interests of safety and because bells are loud and corrections need to be made quickly, a person leading ringing may shout instructions but this will not spill over into interactions between ringers when not ringing, and will only be for the purpose of immediate correction and not to express anger or frustration. However, there should be no need for any other physical contact between a trainer or ringer, and a young person.

The Guild will deal quickly and sympathetically with any complaints of abuse and immediately advise the appropriate authorities as outlined in the safeguarding flowchart (Appendix C). This will normally be the local Parish and Diocesan Safeguarding Officers.

It is at the discretion of the Guild to exclude any member (or non-member) from joining in any Guild organised activity. The person in charge of the activity has the right to ask any member (or non-member) to leave a practice or event if there are concerns about the said person's conduct.

Dealing with Known Offenders

Whether coming in the form of established ringers or someone seeking to become a ringer, any persons known to be on the Sex Offenders Register must not be allowed to engage in a “regulated activity” as this would be a legal offence.

However, a known offender **may** be able to take part in ringing activities depending upon

- (a) the nature of their offence,
- (b) any court restrictions on their activities,
- (c) perceived risk and
- (d) the level of supervision that can be afforded.

Both the Church of England and the Police have agreed procedures known as Multiple Agency Protection Arrangements (MAPPA) for dealing with offenders returning to circulate in society. The church position is set out in Section 8 of the House of Bishops document *Protecting all God’s Children*.

Any proposal for such a person to be accommodated must be reviewed very seriously with all concerned parties including the incumbent, Leicester DG, and Diocesan Safeguarding Officer(s) and must have due regard to the **absolute safety of children** and the reassurance of parents. A written agreement with the church **must** be obtained, this generally is between the individual, the incumbent, and the Diocesan Safeguarding Officer(s).

If the Guild decides that we cannot offer a rehabilitation program to a known offender that ensures the safety of our young and vulnerable members then we will not offer a rehabilitation plan and the offender will be excluded from Guild meetings and events.

Background

The background to this policy is provided by:

- Children Act 1989
- Home Office Guidance *Safe from Harm* 1993
- House of Bishops' policy *Protecting All God's Children* 2004
- Safeguarding Vulnerable Groups Act 2006
- Protection of Freedoms Act 2012
- Church of England Parish Safeguarding Handbook 2018
- Central Council of Church Bell Ringers Safeguarding in Bell Ringing 2019
- Church of England Safeguarding Learning and Development Framework 2021

It should be specially noted that whilst the Church includes "vulnerable adults" in their policies, legal definition is restricted to those under institutional care. Bell ringing activities do not normally come into this category and for practical purposes the policies are aimed at those under 18 years of age. However, should special circumstances arise involving vulnerable adults then appropriate measures will be applied

Operation of the Leicester Diocesan Guild of Church Bell Ringers

The Leicester Diocesan Guild of Church Bell Ringers covers the diocese of Leicester and is divided into six districts.

The Guild is territorial, and has affiliated towers and membership, open to residents to whom this policy applies. The Guild is dependent on permission by the owning authorities to allow ringing to take place. This is usually the Church of England, whose powers of control are delegated to the individual Parochial Church Council (PCC).

Church Requirements and Expectations

The Church of England has issued several documents setting out their requirements for church workers, paid or volunteer, relating to both children under 18 and "vulnerable adults", the latter inclusion is not paralleled by state legislation except in the context of institutions. The principal documents may be referred to through the Church of England website under Safeguarding, these include:

- Promoting a Safer Church
- Practice Guidance series: Safer Recruitment
- Practice Guidance: Safeguarding Training and Development
- Practice Guidance: Risk Assessment for Individuals who may pose Risk
- Parish Safeguarding Handbook

Where a Tower Leader actively teaches or manages young people, the Church requires formal appointment of the post holder by the PCC with an Enhanced DBS check, including a check made on the Children's Barred List and undergoing approved Safeguarding Awareness training.

The Central Council of Church Bell Ringers has a full text version of updated *Safeguarding in Bell Ringing* on its website www.cccbr.org.uk/safeguarding.

Application of Principles to the Guild

The Guild does not normally undertake initial training, nor does it have responsibility for the running of individual towers as a parish activity. Where first stage training is provided suitable safeguarding provision will be made.

However, the Guild may run regular separate training events and also regular meetings and social events which host young people involving close contact with the same adults giving scope for familiarity and building relationships the same as for one-to-one training. This close working with children would bring with it the **expectation** that suitably qualified persons be in charge when young people are present. The argument for having “vetted” persons present is that they will be aware of the requirements for overseeing young people, will be able to deal with any problems which may arise and their very presence is a reassurance to parents and guardians. When young people attend Guild activities, then the organisers on the day are in effect carrying the same responsibility as a tower captain.

In addition, *except where undertaken as a private arrangement*, the **pre-arranged** transport of children to a LDG activity should involve an Enhanced DBS (including a check made on the Children’s Barred List) checked driver and, wherever possible, a second adult present.

Guild Procedures

The Guild will appoint an officer with specific responsibility for Safeguarding issues.

It is recommended that all Guild events will have two Enhanced (including a check made on the Children’s Barred List) DBS checked persons present, unless it is a booked event and it is known that no young persons will be attending. The Guild will seek to ensure that sufficient persons so qualified are available. Such persons will be appropriate to the location of the event and their registration/checking will normally be achieved through individual ringers’ home churches. A request may be made to the individual for sight of their DBS certificate and any certificate of Awareness Training, each of which is issued to the individual but are **not** held by their home Parish.

The Guild will keep a register of attendance at all events.

Operation of the Guild across Parish/Diocesan Boundaries

The Church recognises the movement of bell ringers between parishes and across diocesan boundaries and has approved the following:

- Where a person holds an Enhanced (including a check made on the Children’s Barred List) DBS certificate for working with children issued by their parish, this may be used for the same activity (i.e. bell ringing) in other parishes within the same Diocese.
- Where a person wishes to use their DBS certificate for similar work in another Diocese, this is acceptable PROVIDED that the individual is registered for the DBS Update Service. Registration can only take place at the time a new or renewal application is made, there being a 30-day window for registration.
- Once a person is signed up to the update service, their status can be checked by any parish in which they wish to carry out activities and has the added advantage that no future renewal of DBS certificate is necessary.

Applications for DBS check and certification and registration to the Update Service are all free of charge to volunteers.

Review of Policy

This policy will be kept under review and subject to regular updating, in any event not less than every year.

APPENDIX B Good Practice Checklist

Good Practice for Maintaining a Safe Environment in the Belfry

1. Parents' consent in writing should be sought prior to commencing events or meetings and they should be made aware, in advance, of the content and arrangements for such activities. Any medical conditions of the child should be established in advance as should the agreement that the parents are responsible for delivering and collecting the child.
2. If there is a child who it is believed is at immediate risk of harm, call the emergency services on 999 and then inform appropriate Safeguarding Officer. Any behaviour of adult ringers which gives cause for concern should be dealt with by their removal from the immediate activity and may need to be discussed with an appropriate agency.
3. Keep an attendance register, which all attendees must sign, so that everyone is aware who was present at any given time. This should include a marker for any under-18s
4. Children must be supervised at all times and should only be allowed into hazardous locations, such as the bell chamber, when accompanied by the local Tower Captain / Deputy or Assistant.
5. Always have two adults (preferably one of each gender) present whenever children/young people are ringing or being supervised, taught or transported.
6. Touching should be only that appropriate for teaching, supervision and/or in an emergency. Those helping children by ringing another bell or standing nearby should be aware of the need to protect personal space.
7. Relevant health and safety procedures should be followed and first aid available.
8. Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that Council has access to it.
9. Ensure that the appropriate insurance is in place prior to any teaching, training or ringing session.
10. All local ringing societies should appoint a Safeguarding Officer, someone who can oversee the performance of safeguarding matters in their area.
11. Good liaison should be established with Tower Captains and PCCs and between the Safeguarding Officers of local societies and the Parish and Diocesan Safeguarding staff.
12. Please note that it is the responsibility of all visiting groups to ensure that those leading/supervising a group have had all relevant checks and it is not the responsibility of the host church, unless the host church is providing the leader/supervisor for a visiting group. All visiting groups should have a copy of this General Statement on Safeguarding Towers in relation to children available to them.
